Development Consultants Incorporated is a Central Ohio Information Technology company providing computer and network engineering services to private and public sector customers. Our core competency is cloud computing security, design, architecture, and engineering professional services. We specialize in cloud security compliance and governance for national defense, homeland security, immigration, customs, criminal justice, and law enforcement information systems. We are Amazon Web Services (AWS) Consulting Partners and AWS authorized Channel Resellers in both the Private and Public Sectors. Our public-sector customers include prime vendor relationships with The U.S. Department of Homeland Security, U.S. Immigration and Customs Enforcement, and The Department of Defense. Our private-sector customers include Autodesk, Bath & Body Works, Bush Beans, Crock Pot, CVS Pharmacy, Gillette Venus, Kohl's, Propel Fitness Water, Sherwin Williams, Victoria's Secret, Victoria's Secret Pink, Victoria's Secret Sport, and Wendy's International. We also offer a comprehensive ITIL (ISO 20000) compliant Service Desk staffed 24x7 to handle all our customers’ service and asset management needs.

➢ We provide only mature, experienced engineers with high standards of personal integrity, discipline, and customer service. We share a commitment to methodical, analytical, scientific excellence, that ensures reliable, repeatable, predictable, and successful results
➢ All personnel’s employment eligibility is verified through E-Verify, U.S. Department of Homeland Security and Social Security Administration records
➢ Expert-level security and regulatory compliance experience with the Payment Card Industry Data Security Standards, Federal Information Security Management Act (FISMA), Federal Information Processing Standards (FIPS), and Federal Risk and Authorization Management Program (FedRAMP)

Core Capabilities:
➢ Information Technology enterprise architecture
➢ Datacenter, infrastructure, and middleware engineering
➢ Virtualization and cloud architecture analysis and design
➢ Secure network analysis, design, and implementation
➢ Agile project management using Scrum and Kanban
➢ Software application design and development in Enterprise Java, Node.js, and PHP
➢ Content management and delivery via Wordpress, Drupal, Akamai, AWS CloudFront
➢ Software and systems performance engineering

Technology Overview:
Development Consultants Incorporated’s engineering services include network engineering, cloud architecture and network topology design, capacity planning, contingency planning, automated resource provisioning, security hardening, performance engineering, and grid monitoring of high-performance, highly-available software, middleware, and infrastructure resources. Our software services include architectural design and development expertise in Enterprise Java, Node.js, and PHP. We developed software that integrated the Federal Bureau of Investigation’s National Crime Information Center (NCIC) over the National Law Enforcement Telecommunications System (Nlets) with the U.S. Immigration and Customs Enforcement Agency’s Law Enforcement Support Center. We also provide development operations and software process improvement services. Our performance engineering expertise includes database and application performance tuning, network design and optimization, and extreme-scale cloud-based global performance testing.
North American Industry Classification System (NAICS):

➢ 541511 - Custom Computer Programming Services
➢ 541512 - Computer Systems Design Services
➢ 541519 - Other Computer Related Services
➢ 518210 - Data Processing, Hosting, and Related Services

Certifications:

➢ SBA-8(a); Graduation Date: 08/06/2019
➢ Ohio MBE/EDGE
➢ SBA-Economically Disadvantaged Women Owned Small Business
➢ Industry standard cloud, security, and networking certifications
➢ PCI DSS Payment card industry data security standard
➢ Amazon Web Services (AWS) certified Solutions Architects
➢ AWS certified SysOps Administrators
➢ AWS Channel Reseller
➢ Amazon Partner Network Public and Private Sector Consulting Partner
